### Sinopsis

**Get Well Soon!** is a new method specifically tailored to the needs of students studying medical and health professional vocational courses (Ciclos Formativos de la familia profesional de Sanidad).

The content of this course follows the syllabus of these studies. It provides students with the necessary basic skills of the English language to help them develop in today's professional world of health care and services.

With **Get Well Soon!**, students can practise both the receptive and productive skills of the foreign language – listening, reading, writing, and speaking – through up-to-date texts and motivating meaningful activities. The **student's book** also includes grammar and vocabulary exercises so that students can use it as a workbook too.

Besides individual and class work, students will also be required to work in teams to search for extra information to expand their knowledge (projects, helpful websites, etc.). Special emphasis is placed on developing oral skills, as communication will be crucial for their professional development.

#### Key features include:

- Varied topics related to the field of health care.
- Extensive and specific vocabulary work in context.
- Comprehensive grammar coverage and review charts.
- Relevant listening materials.

- Communicative speaking activities.
- Interesting reading texts from different sources.
- Varied and useful writing practice.
- Self-assessment sections in every unit.
- Warm-up and Just for fun sections.
